

Fruit Fly Scrambled Segments

You hear that you may be asked to lead a Station experiment involving fruit flies, so you want to make sure you know your insects! Can you name the three segments of an insect's body? Select their names from among those given in the word bank, then write them in the word-boxes provided below.

Now let's see if you can identify some insect parts!
Below are the scrambled names of four parts of a fruit fly –
unscramble them and match them to their correct arrows.
Hint: these words can also be found in the word bank above!
